REYNALD MALAGAR ALBARAN

Pook Masagana, BahayToro, Quezon City, Philippines
0993-189-8204
reynaldalbaran2912345@gmail.com

OBJECTIVE

Motivated BSIT graduate with hands-on experience in web development, including WordPress and system-based projects. Seeking a Web Developer role where I can build responsive, user-friendly websites and contribute to improving digital platforms while continuously enhancing my technical skills.

KEY SKILLS

- Frontend Development using HTML, CSS, JavaScript
- Familiar with React / Next.js / Vue.js frameworks
- Backend Fundamentals using Node.js
- Experience in API integration and system connectivity
- Knowledge of SQL databases and data management
- Understanding of performance optimization and debugging
- Responsive and user-focused web design
- Strong collaboration and communication skills

WORK EXPERIENCE Customer Service Representative (CSR)

Teleperformance – Financial Account (US Base)

Philippines | January 23, 2025 – March 11, 2026

- Handled inbound calls related to customer accounts, including reopening and updating account status.
- Provided troubleshooting support for basic technical and account-related concerns.
- Documented customer interactions and resolutions in the system accurately.
- Escalated complex issues to higher-level support teams when necessary.
- Maintained high customer satisfaction through effective communication and problem resolution.
- Assisted customers via phone, chat, and email support channels.

Lecturer | Instructor

STI College – Regalado Campus

Philippines | January 2023 – January 2025 (2 Years)

- Delivered lectures on IT and programming subjects, ensuring clear understanding of both fundamental and advanced concepts.
- Taught programming languages such as Java, JavaScript, C#, C++, etc., including basic to intermediate coding principles.
- Guided students in software development, debugging, and problem-solving techniques.
- Assisted students in developing simple applications and system projects.
- Developed training materials, lesson plans, and instructional guides for programming and IT courses.
- Provided hands-on support in troubleshooting code errors and system issues.
- Strengthened communication skills by explaining complex technical and programming concepts in a simple and structured manner.
- Conducted assessments, coding exercises, and project evaluations.

Freelance (Laptop Computer Sales & Setup)

Digital Thirty – Social Media

Philippines | April 2019 – March 2023

- Built and sold customized computer sets ranging from ₱15,000–₱25,000.
- Diagnosed and resolved hardware and software issues for clients.
- Installed operating systems, drivers, and essential software applications.
- Provided after-sales technical support and troubleshooting.
- Managed customer inquiries and technical concerns independently.

Database Management Associate

Terry Selection Inc. – Pasig City

Philippines | July 2022 – July 2023

- Managed and maintained customer database records with accuracy and confidentiality
- Registered clients into the company's loyalty program system
- Ensured proper data entry, validation, and updates of customer information
- Coordinated with internal teams for customer-related concerns and data processing
- Assisted in sending loyalty rewards and promotional items to customers
- Supported customer engagement initiatives through organized data tracking
- Handled basic reporting and monitoring of customer records
- Ensured data integrity and compliance with company standards

Account Department Staff (Part Time)

Terry Selection Inc. – Pasong Tamo, Makati Philippines

Philippines | January 2017 – July 2022

- Assisted in recording daily financial transactions and maintaining accurate records
- Supported accounts payable and receivable processes
- Prepared and organized financial documents, invoices, and receipts
- Performed basic data entry and ensured accuracy of accounting records
- Assisted in reconciling financial discrepancies and updating reports
- Coordinated with team members regarding financial data and documentation
- Maintained confidentiality of financial information
- Provided administrative support to the accounting department as needed

EDUCATION

YOUR COURSE / DEGREE	SCHOOL NAME	YEAR GRADUATED
Bachelor of Science in Information Technology	Quezon City University	July 2022
Ismael Mathay Senior High School	High School	April 2010
Elementary School	G.S.I.S Elementary School	March 2006

TECHNICAL KNOWLEDGE

- Proficient in basic web development using HTML, CSS, and JavaScript for building responsive and user-friendly websites
- Experience in WordPress development, including website setup, theme customization, and content management
- Knowledge in e-commerce setup, such as product listings, basic configuration, and user flow optimization
- Familiar with backend concepts and handling dynamic data in web applications
- Experience in developing system-based projects such as POS with ordering and inventory features
- Basic understanding of database management (SQL) and data handling
- Experience in API integration and system connectivity (basic level)
- Knowledge in website performance optimization and troubleshooting
- Skilled in hardware and software troubleshooting, supporting overall system functionality
- Familiar with version control concepts (Git) and development workflow
- Strong ability to analyze, debug, and resolve technical issues efficiently

SOFT SKILL

- Excellent communication skills, with the ability to explain technical concepts clearly to both technical and non-technical users
- Strong customer service orientation with proven ability to handle inquiries, resolve issues, and maintain customer satisfaction
- Problem-solving mindset with the ability to analyze issues and provide effective solutions under pressure
- Adaptable and fast learner, able to quickly adjust to new tools, systems, and work environments
- Detail-oriented with a focus on accuracy, especially when handling sensitive data and technical tasks
- Strong time management and organizational skills, capable of handling multiple tasks and meeting deadlines
- Team player with experience collaborating with colleagues, clients, and cross-functional teams
- Ability to remain calm and professional in high-pressure or challenging situations
- Self-motivated with a strong willingness to learn and continuously improve

ADDITIONAL INFORMATION

- Demonstrates a strong ability to bridge technical knowledge and customer communication, making complex systems easier for users to understand
- Has hands-on experience in both technical development and real-world customer interaction, providing a well-rounded perspective in problem-solving
- Experienced in self-learning and adapting to new technologies, especially through practical projects and real client scenarios
